Agrocel's NEEMACTION

Agrocel's **NEEMACTION** is a Cold Pressed Virgin Neem Oil. **NEEMACTION** contains natural azadirachtin and other beneficial substances. It is used in Horticulture, Field Crops and for Organic farming. **NEEMACTION** repels and prevents feeding in wide variety of pests including Mealy bugs, Armyworms, Aphids, Thrips, Whiteflies, Mites, Leaf miners & Caterpillars.

NEEMACTION also exhibits fungicidal properties. **NEEMACTION** doesn't contain chemicals like Solvents, Surfactants, Stabilisers etc and it is a pure natural neem oil.

It is certified as Organic by Control Union.

Benefits of using Agrocel's Neemaction

- **NEEMACTION** works as Antifeedant and repellent against various crop pests.
- **NEEMACTION** Interferes with insect hormone systems, making it harder for insects to grow and survive.
- **NEEMACTION** repels and reduces the feeding by nematodes.
- **NEEMACTION** has Anti moulting properties.
- **NEEMACTION** gets soaked in through the roots and deters living insects from feeding on roots.

Application

- To have uniform and best results, mix 10% Agrocel's QUICK ACT (Emulsifier) in **NEEMACTION**. For E.g. 50ml NEEMACTION + 5ml Agrocel's Quick Act in 15Litre Water.
- Dosage:- 3-5 ml of Agrocel's **NEEMACTION** in a litre of water (use 3ml for preventative treatment and 5ml for curative treatment).

Packing

Available in 500ml, 1 lit & 5 litre packing.

Precautions:-

- 1) We recommend **NEEMACTION** to be used at Lower dose of 3ml/litr of water for newly transplanted, very young seedlings as well as in Stressed Plant.
- 2) Avoid using the product during mid-day strong sunlight. Its best application is in the Morning or Evening.
